VITALFOAM MEMORY MATTRESSES AND PADS

Made of same revolutionary "Memory" technology as our other Swedish Style foam products. Select from three different comfort levels to meet your individual needs: Memory Lite (softest density ~4.3 lbs/ft), Memory (medium density ~5 lbs/ft) and our Memory Firm (firmest density ~6 lbs/ft). They all provide equal distribution, superior pressure point relief and spinal alignment for optimum sleeping comfort. Our visco-elastic foam is hypoallergenic, antibacterial, anti-fungal and ozone resistant. They react to the temperature and pressure of your body to give proper support while maintaining softness. These memory mattresses and pads can help to significantly decrease tossing and turning as well as back and neck pain during the night. VitalFoam Mattresses and pads come with a 10 year Pro-Rated warranty!!

Pillow preference is often determined by personal taste. TempurPedic ® pillows (~5.3 density rating) and cushions are a bit firmer and made of a slightly denser viscoelastic foam material than the other viscoelastic foam Products. A very similar feel can be found in our VitalFoam Custom Memory Foam Contour Pillows (~5 density rating) at a lower price. Our VitalFoam Memory Lite and Memory Lite Deluxe Pillows (~4.3 density rating) are a bit softer for those who prefer a gentler pillow at a significantly lower price. Memory Lite pillows are recommended for those looking for a softer contour pillow and find the TempurPedic and VitalFoam Custom Memory Contour pillows to be too firm.
